Malmberg installs sprinkler system for Absolut Vodka AB

Malmberg will together with Imtech build a sprinkler system for Absolut Company AB. Malmberg installs fire water pump, pressure bell, piping and valve arrangement. The fire water pump will provide an entirely new sprinkler system with approx. 30,000 liters of water per minute in case of triggered sprinkler which makes it a very special and important implementation.

"We are pleased to once again be able to contribute with our expertise and know-how under the slogan " Pure energy. Clean water "and moreover for one of the most successful businesses in this region says Erik Malmberg, Business Area Director Malmberg Water treatment.

Malmberg are a global market and technology leader in the Cleantech sector. Our focus is on the design and production of plants for water treatment, biogas, geoenergy and drilling, with production headquarters located in Yngsjo near Kristianstad, Sweden. Malmberg is a family owned business in operation since 1866 and with a workforce of 180 employees who work towards a better environment under the motto "Pure energy. Clean water."
